Covid-19 Symptom Protocols

Checklist | Screening | Testing | Tracing

Students experiencing any symptoms of illness should stay home.

SYMPTOM CHECKLIST:

- Fever (100.1° Fahrenheit or higher), chills, or shaking chills
- Cough
- Difficulty breathing or shortness of breath
- New loss of taste or smell
- Sore throat
- Headache
- Muscle aches or body aches
- Nausea, vomiting, or diarrhea
- Fatigue
- Nasal congestion or runny nose

IF YOUR CHILD EXHIBITS ANY SYMPTOMS:

If your child exhibits any symptoms of Covid-19 do not to return for in-person instruction until they have met all three CDPH criteria to return to school for those with symptoms:

- At least 24 hours have passed since resolution of fever without the use of fever-reducing medications; **and**
- Other symptoms have improved; **and**
- They have a negative test for SARS-CoV-2, OR a healthcare provider has provided documentation that the symptoms are typical of their underlying chronic condition (e.g., allergies or asthma) OR a healthcare provider has confirmed an alternative named diagnosis (e.g., Streptococcal pharyngitis, Coxsackie virus), OR at least 10 days have passed since symptom onset.

Exposure to Known Positive Covid-19 Persons

Students with a known positive exposure, without symptoms, may continue to take part in all aspects of K–12 schooling including sports and extracurricular activities.

Students should;

- wear a well-fitting mask around others for a total of 10 days
- Test 3–5 days after last exposure.
